Who we are

An Introduction...

Our Mission: Teach, Grow, Give

Teach

Grow

Give

Our History

How we began...

In Fall of 2010, Fertile Groundworks began as a seed....

**The Ladies
of the Church**

**The
Master Gardener**

**The Food Pantry
Partnership**

How we started to where we are today

2010

5 garden beds
480 square feet
5 volunteers

How we started to where we are today

2020

78 garden beds

12,886 square feet

Over 2,000 volunteers

The Teaching Garden

A collage of 15 photographs showing various groups of people, including students and adults, participating in community gardening and food bank activities. The photos depict planting, watering, and harvesting in various garden settings.

Who are our volunteers?

Corporations

Stanford
HEALTH CARE
STANFORD MEDICINE

**KAISER
PERMANENTE®**

and High Schools across the
Tri-Valley

Families & Individuals

What do our Volunteers do? (Everything!)

Seeding

Planting

Propagating

Bed preparation

Setting up Irrigation

Composting

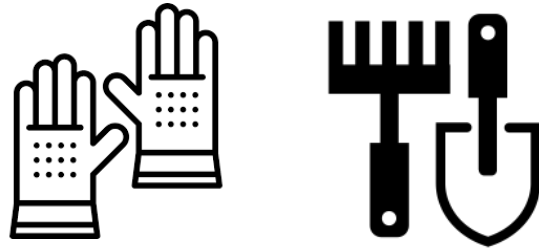

Maintenance

Harvesting

... and more

Grab your gloves and come to learn...

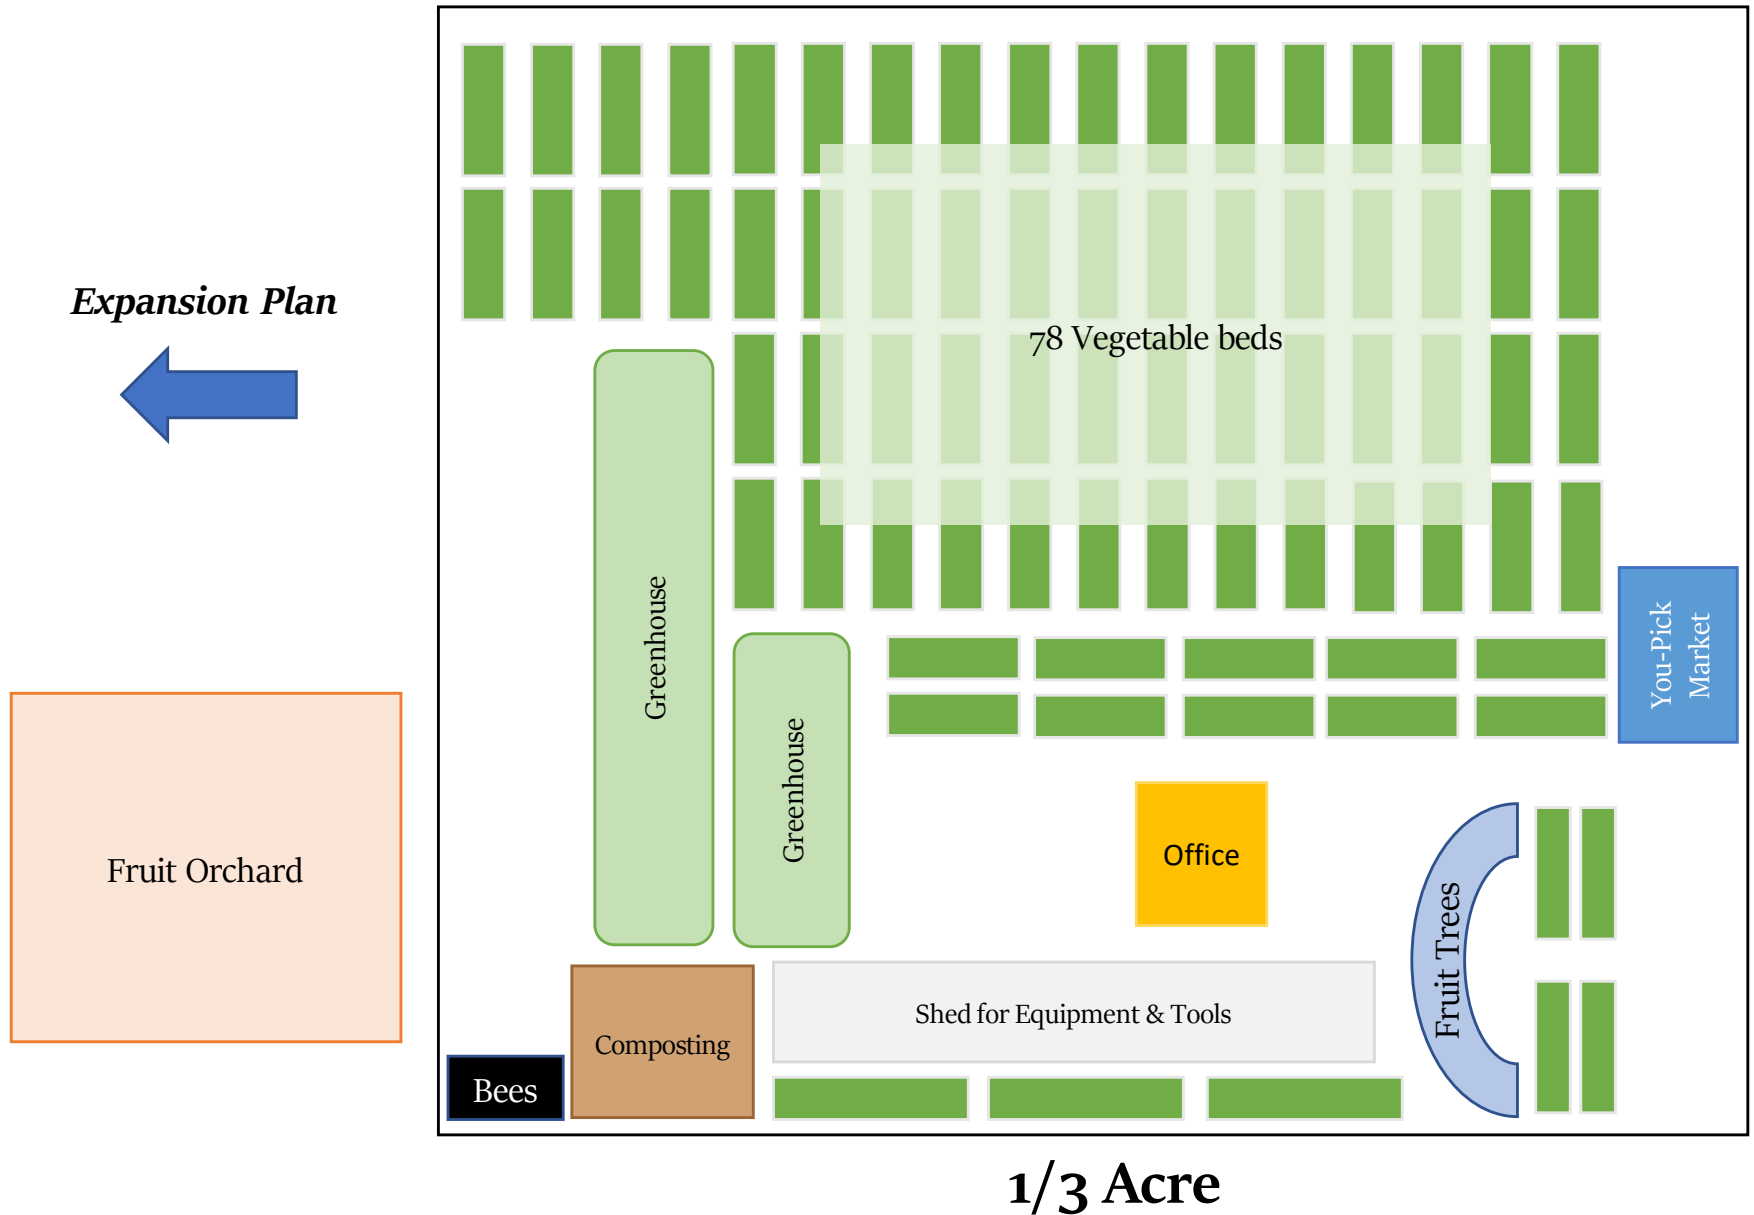

Everything out in the field is a learning opportunity...

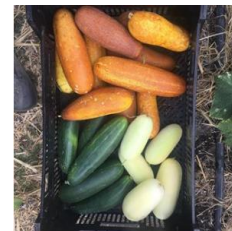

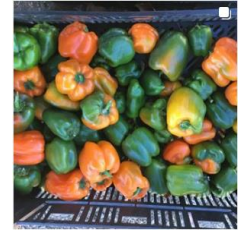

Growing the Garden

The lay of the garden

Our Harvest

By the numbers

Cumulative # of Pounds Harvested

We can still do more!

In 2019:

- *23,000 pounds (11 tons) of produce*
- *800 neighbors*
- *Fresh produce fresh produce every week of the year*

*... but our community
could still use twice as
much*

Our reach

Where our harvest goes

Our Partners

Direct to Consumer

Seasonal You-Pick
Market Garden

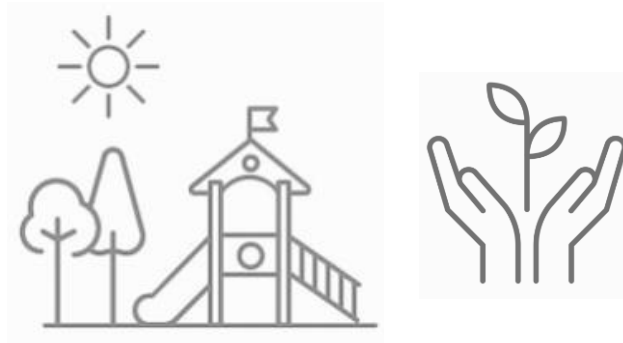

Annual Plant Sale

Beyond the Garden

Education outside our garden
